Description

The Public Bike Pump and Repair Stand is a useful addition to any bike storage facility. It helps cyclists not worry about unexpected accidents and gives them peace of mind when parking at your place.

Our Public Bike Pump and Repair Stand is a self-service bicycle repair station. It is convenient, multifunctional and easy to use. To use it, the cyclist simply needs to lift the bike and place its frame onto the bike repair stand provided. Hanging the bike from the hangers arms is also easy and comfortable as they are covered in rubber. To further facilitate cyclists, our bike repair station can fit different shapes and sizes of bikes – mountain, racing, town, BMX and child bikes are all compatible.

The Public Bike Pump and Repair Stand includes all the necessary tools to do an emergency fix on a bike. We have outfitted the repair station with a pump to inflate wheels, Allen keys of 3, 4, and 5mm, a spanner, pliers, a screwdriver, a Philips screwdriver, and 2 levers to remove the wheel cover. All tools are attached to the stand through steel cables giving you extra security they won't be stolen.

Our bike repair stand is made of robust steel with a galvanised and powder-coated blue finish for extra durability.

Additionally, our product is ActiveScore approved.
