Description

Based on our best selling BDS Bike shelter, the BDS Cycle Shelter 6/8 bikes comes with the best all-round features to suit any environment. Mild steel cycle shelter with bolt-down fixing. Shelter available in a galvanised or polyester powder coated RAL code colour finish. Anti-vandal 3mm clear polycarbonate roof, with optional polycarbonate sides and swing or sliding gates. Comes with optional cycle parking, galvanised bike stands.

Specification

- Polycarbonate Roof as standard. Optional polycarbonate side panels
- Optional cycle parking bike stands, hot dipped galvanised. Integrated bike racks are for where your surface is loose, so the racks are installed inside the shelter and lifted off the floor. Toastracks only require a few bolt holes (compared to bike stands) so they are quicker to install, frames that are bolted onto the floor to park bikes.
- Includes assembly bolts, expanding foundation bolts for concrete plinth and arrangement drawing for assembly
- No climb end frames with anti-vandal PET panels
- No crawl under perimeter
- Complies with secure storage as required by the Code for Sustainable Homes
- 50mm box tube
- Hot dipped galvanised or polyester powder coated to BS EN ISO 1461:1999 standard finish. Any RAL code colour.
- Shelter comes with adjustable overground fixing feet
- Single units can be placed alongside or opposite each other, to form larger cycle storage areas.
- This bike shelter can help contribute towards gaining ENE8 Cycle storage credits when used in the appropriate situation, under the Code for Sustainable Homes
