Description

Two in one! For those looking to provide cycle shelter and a smoking shelter in the same location. The shelter comes with all-round features to suit the harshest of environments. Mild steel cycle shelter with bolt down fixing or underground fixing available. The Carrington Cycle Smoking Shelter is available in a galvanised, polyester powder coated RAL code colour finish or hot dipped galvanised and polyester powder coated RAL code colour finish. Anti-vandal clear polycarbonate UV stable roof, with optional polycarbonate sides and internal panels. Comes with optional cycle parking, galvanised bike stands for secure bike parking and to provide confidence to cyclists by allowing both the frame and wheels to be secured to the cycle stand. Seating in the smoking shelter section and ashtrays are also available.

Specification

- Tested and approved. Recommended for Schools, Colleges, Universities, Offices and Public Buildings.
- An extremely durable and resilient shelter, it has been structurally tested against the harshest conditions found in the UK and approved against BS EN standards
- Optional end polycarbonate panels to provide additional protection from the elements or to restrict access
- Optional internal and side polycarbonate panels
- Optional cycle parking bike stands, hot dipped galvanised.
- Optional Bench seating that will come in the same finish as the shelter.
- Optional assembly bolts, expanding foundation bolts for concrete plinth and arrangement drawing for assembly
- No-crawl under perimeter with adjustable feet and allows for fixing onto uneven surfaces
- Complies with secure storage as required by the Code for Sustainable Homes
- 50mm box tube to BS EN standards
- Frame comes with optional finishes. Hot dipped galvanised or polyester powder coated to BS EN ISO 1461:1999 standard finish - any RAL code colour. Or both which is recommended.
- Shelter comes with adjustable fixing feet that can be installed overground or underground
- This bike shelter can help contribute towards gaining ENE8 Cycle storage credits when used in the appropriate situation, under the Code for Sustainable Homes
